NIOBE

No drinkware collection is complete without proper barware. To complement our highly sophisticated stemware assortments are four thin-walled and light-weight tumbler collections. The rectangular design of KALLIOPE forms a thought provoking counterpart to the elegantly rounded NIOBE line. Three BOREAS tumblers very conveniently match the stemware suite LEANDROS. Finally, the cylindrical suite ERIS provides a solution to the ever-growing demand for a simple, yet chic and classical shape.
